

NOITIFICATION OF SEWER SPILL

The City of East Point experienced a Sanitary Sewer spill on April 16, 2021 which resulted in a discharge of untreated sewage into Camp Creek. The location of the spill was 3503 Camp Creek Parkway between manhole C-256-010 and C-256-012. The volume of sewage was estimated at 201,700 gallons. Therefore, it is considered a major spill. The stream in the area has tested positive for Fecal Coliform Bacteria. Although, the area has been treated, DO NOT come in contact with the standing or running water in the creek in the immediate area. If there are any questions, please contact the City of East Point Water & Sewer Department at (404) 270-7189.
